PROFILE

CIMA-qualified management accountant with seven years in manufacturing and distribution finance teams. Runs the month-end close and management accounts for a £48 million business, builds the annual budget and quarterly forecasts with budget holders, and turns the numbers into decisions. Looking for a senior management accountant or finance business partner role.

EXPERIENCE

Management Accountant, Fenland Packaging Ltd, Cambridge 2022–present

- Run the month-end close and management accounts pack for a £48 million business, reported by working day five.
- Build the annual budget and quarterly forecasts with eight budget holders, and explain variances to the board each month.
- Found that two loss-making delivery routes were hidden in a regional average; the routes were merged, saving £180,000 a year.
- Prepare balance sheet reconciliations, the fixed asset register and audit files, and manage one assistant accountant.

Assistant Management Accountant, Ely Valley Foods, Ely 2019–2022

- Prepared product costings and stock valuations and supported the move to a new finance system.
