Leaving the Army in December 2026

Skills

- Leading and training a team of eight
- Stock control, counts and audits
- Planning deliveries and loading
- Health and safety inspections

Profile

Logistics supervisor with 12 years in the British Army, the last five as a corporal running a stores and distribution team of eight. Responsible for stock worth £2.4 million, accurate to the item at every audit, and for planning daily deliveries to 14 sites. Holds forklift licences and IOSH Managing Safely. Leaving the Army in December 2026 and looking for a warehouse supervisor or assistant manager post.

Experience

Corporal, Supply Chain Operator
Royal Logistic Corps, Catterick Garrison · 2021–2026

- Led a team of eight in a store holding 6,000 lines of equipment and spares worth £2.4 million.
- Planned and loaded daily deliveries to 14 units, working with transport and the units' own stores.
- Ran stock counts and quarterly audits; every audit since 2022 found the stock accurate.
- Wrote the shift rota and trained each new team member on stock systems and safe lifting.
- Carried out the store's weekly health and safety and fire checks.

Lance Corporal and Private, Supply Chain Operator
Royal Logistic Corps, UK and overseas · 2014–2021

- Received, stored and issued stock; drove and loaded vehicles for exercises in the UK and Germany.

Qualifications and training

- IOSH Managing Safely (2026, resettlement course)
- Counterbalance and reach truck licences (2015)
- Category C driving licence (2016)
- Level 3 Award in Health and Safety in the Workplace (2023)
- GCSEs including English and Maths (2013)
