Profile

Junior graphic designer with a year in a small studio and a strong portfolio of print, social and packaging work. Experience

Junior Graphic Designer

Seaglass Studio, Brighton • August 2025–present

- Design social, print and event material for eight regular clients, from first sketches to print-ready files.
- Created the packaging range for a local coffee roaster's six blends, now stocked in 30 shops.
- Prepare artwork for print and check proofs with suppliers, so no job has gone back for a reprint.

Design Intern

Brighton Fringe Collective • June–August 2025

- Produced 40 event posters and social tiles to a shared template during the festival.
- Updated the brand guidelines with the lead designer so volunteers could make their own posts.
