Skills

- Chairside support across treatments
- Decontamination and infection control
- Dental radiography
- Patient reassurance

Systems

- Dental practice management software
- Digital X-ray systems

Profile

GDC-registered dental nurse with seven years in a mixed NHS and private practice, five of them qualified. Supports dentists and hygienists at the chair, runs decontamination to the practice's procedures and keeps nervous patients calm. Qualified in dental radiography. Looking for a lead dental nurse or treatment coordinator role.

Experience

Dental Nurse

Riverside Dental Care, Exeter · 2021–present

- Support two dentists and a hygienist with check-ups, fillings, extractions, root canals and crowns.
- Prepare surgeries, instruments and materials, and run the decontamination room to the practice's infection control procedures.
- Take radiographs as prescribed and keep patient records up to date on the practice system.
- Look after nervous patients before and during treatment, and give oral hygiene advice.

Trainee Dental Nurse

Riverside Dental Care, Exeter · 2019–2021
