

Owen Jenkins

Electrician

Cardiff | 07700 900171 | owen.jenkins@example.com | ECS Gold Card, full UK driving licence

Profile

Qualified electrician with nine years in the trade, five of them qualified, on domestic and commercial installations, including rewires, consumer unit changes, EV chargers and shop fit-outs. Tests and certifies every job, keeps sites tidy and safe and explains work clearly to customers. ECS Gold Card holder with own tools and a van. Looking for an approved electrician role.

Experience

Electrician, Taff Valley Electrical, Cardiff	2021-present
- Carry out full rewires, consumer unit upgrades and extensions in homes, about two a week. - Install EV charging points and smart heating controls, and register installations with the scheme provider. - Fit out shops and offices: containment, lighting, small power and data cabling. - Test, inspect and complete electrical installation certificates for every job. - Respond to emergency call-outs on a one-in-four weekend rota.	
Apprentice, then Improver Electrician, Bryn Electrical Services, Newport	2017-2021
