Dear Dr Ellis

Application for Lead Dental Nurse

I am applying for the Lead Dental Nurse post at Exe Bridge Dental Practice. I am a GDC-registered dental nurse with seven years in a mixed NHS and private practice, five of them qualified, and I hold the Certificate in Dental Radiography.

At Riverside Dental Care I support two dentists and a hygienist with check-ups, fillings, extractions, root canals and crowns. I prepare the surgeries and run the decontamination room to the practice's infection control procedures, and I take radiographs as prescribed.

Many of our patients are nervous. I talk them through each step before treatment starts and agree a signal for when they need a pause, and I give oral hygiene advice after their appointment. I would like to train newer nurses to do the same as your lead dental nurse.

My basic life support and medical emergencies training was refreshed in 2026. My CV is attached. Thank you for considering my application.

Yours sincerely

Holly Pearce
