Nottingham NG1 6GR

Dear Graduate Recruitment Team

Application for the 2027 Summer Internship, Investment Analysis

I am applying for your 2027 ten-week Summer Internship in investment analysis. I am a second-year Economics student at Castle Hill University with a 72% average, and I would like to start my career in a firm that invests in growing regional businesses, as Lowther Brook does.

My strongest modules are Econometrics (78%) and Financial Markets (74%). For a group project I forecast local house prices from public data in Excel and presented the model to a panel; it received the top mark in the cohort.

As treasurer of the 400-member Investment Society I manage a £6,000 budget and report our accounts to the students' union each term, and I work 12 hours a week in a bookshop during term. Both have taught me to keep accurate records and meet deadlines alongside my degree.

My CV is attached. Thank you for considering my application, and I look forward to hearing from you.

Yours faithfully

Aisha Rahman
