Captain Ruth Calloway
Head of Flight Crew Recruitment
Westerly Airways
Westerly House, Gatwick Road
Crawley RH10 9XQ

Dear Captain Calloway

Application for First Officer, Boeing 787 fleet

I am applying for the First Officer role on your Boeing 787 fleet. I have flown the Airbus A320 for Northway Airways for five years, with 3,700 hours in total and 3,500 on type, and I hold a full Airline Transport Pilot Licence and a current Class 1 medical.

I fly four to six sectors a day to about 40 European airports, sharing pilot flying and monitoring with the captain, and I plan each flight with them from the weather, slots and fuel. My simulator and line checks are current, the most recent in September 2026.

In 2024 I ran the checklists and radio calls on a weather diversion while the captain briefed the cabin crew and passengers. Long-haul flying on your North American routes is the next step I want in my career.

My CV is attached, and I can bring my logbook and licence to an assessment. Thank you for considering my application.

Yours sincerely

Daniel Ashcroft
