Mrs Joanne Haigh
Operations Director
Rivelin Heating and Renewables
Unit 7, Loxley Road Works
Sheffield S6 4AB

Dear Mrs Haigh

Application for Senior Heating Engineer

I am applying for the Senior Heating Engineer role at Rivelin Heating and Renewables. I am Gas Safe registered for boilers, cookers and fires, hold a Level 3 NVQ in plumbing and domestic heating, and have been qualified for eight years.

At Don Valley Heating I install about three boiler replacements a week and full central heating systems in new extensions. I service and repair gas boilers and controls and complete landlord gas safety records, and I hold the unvented hot water qualification.

Since 2025 I have fitted air source heat pumps with our renewable installer and balanced the radiators afterwards. I would like heat pumps to be a bigger part of my work, and your company's switch towards renewables is why I am applying.

I cover emergency call-outs on a one-in-three weekend rota and hold a CSCS card and a full UK driving licence. My CV is attached. Thank you for considering my application.

Yours sincerely

Craig Morrison
