Dear Ms Whitlock

Application for Senior Practitioner, Children and Families (ref. MVC-1187)

I am applying for the Senior Practitioner post in your children and families service. I am a registered social worker with four years in a children and families assessment team, and I completed my assessed and supported year in employment in 2023.

I hold a caseload of about 18 children. I write assessments and child in need and child protection plans, and present them at conferences and core groups. When a school reported that a child on my caseload had missed a week, I arranged a joint visit with the school nurse that day and we agreed a safety plan with the family.

I supervise two social work students on placement and have completed Stage 1 practice educator training, which has prepared me to support newer colleagues as a senior practitioner. I would value working in a service that, as your recruitment pages describe, keeps caseloads steady so that families see the same worker.

I record visits within the team's timescales and review cases with my supervisor each month. My CV is attached. Thank you for considering my application.

Yours sincerely

Naomi Fisher
