Dear Mr Wilkins

Application for Warehouse Operative / Counterbalance Forklift Driver (nights)

I am applying for the Warehouse Operative and Counterbalance Forklift Driver role on your night shift. I have five years' experience in retail and parcel distribution centres, on picking, goods-in and loading, and I hold a counterbalance forklift licence.

At Brightline Distribution I pick and pack around 160 orders an hour with a handheld scanner, at 99.7% accuracy over the last year. On goods-in I check every delivery against its note and report damaged or missing items before they are booked in, and I load trailers to the dispatch plan so the drops come off in order.

I am a trained fire marshal and I keep aisles clear when I move pallets to racking. I would like to drive the forklift for more of my shift, which your role offers.

I can work nights and weekends and cover overtime in peak season. My CV is attached. Thank you for considering my application.

Yours sincerely

Piotr Nowak
