Produce supervisor

Kirkcaldy | 07700 900832 | imran.shah@example.com

Profile

Produce supervisor with six years at a busy farm shop, the last two running the fruit and veg floor and a team of four. Knows produce from delivery to display: checking quality, rotating stock and cutting waste. Used to 4am starts. Looking for a fruit and veg team leader post in a large supermarket.

Experience

Produce Supervisor | Lomond Fresh Farm Shop, Kirkcaldy | May 2024–present

- Run the fruit and veg floor and a team of four from the 4am delivery to close, four days a week.
- Check every delivery for quality and temperature, and return anything below standard.
- Cut produce waste from about 9% of sales to 6% in a year by ordering from weekly sales figures and marking down earlier in the day.
- Coach new starters on rotation, date codes and displays, with a short huddle at the start of every shift.
- Plan the weekly rota and the team's tasks around deliveries and the busiest trading hours.
- Added a locally grown range after regular customer requests; it now makes up about a tenth of produce sales.

Produce Assistant | Lomond Fresh Farm Shop, Kirkcaldy | March 2020–April 2024

- Unloaded deliveries, built displays and served at the counter, weighing and pricing loose produce.
