Profile

First officer with five years flying the Airbus A320 family on short-haul European routes: 3,700 hours in total, 3,500 of them on type. Holds a full Airline Transport Pilot Licence and a current Class 1 medical. Plans each flight with the captain from the weather, slots and fuel, shares the flying on alternate sectors and briefs the cabin crew before every duty. Looking for a first officer role on a long-haul fleet.

Experience

First Officer, Airbus A320, *Northway Airways, Manchester* — **2021–present**

- Fly four to six sectors a day to about 40 European airports, sharing pilot flying and pilot monitoring duties with the captain.
- Plan each flight with the captain: route, weather reports, air traffic control slots, fuel and performance.
- Carry out pre-flight checks and walkarounds, and complete the technical log and voyage report after each flight.
- Brief the cabin crew on flight times, weather and any passengers who need assistance.
- Ran the checklists and radio calls on a weather diversion in 2024 while the captain briefed the cabin crew and passengers.

Customer Service Agent, *Ringway Aviation Services, Manchester Airport* — **2016–2018**

- Checked in and boarded passengers for three airlines, including disrupted flights.
