

Craig Morrison

Plumbing and Heating Engineer

Sheffield | 07700 900175 | craig.morrison@example.com | Gas Safe registered, CSCS card, full UK driving licence

Profile

Gas Safe registered plumbing and heating engineer, qualified for eight years, working on domestic installs, servicing and breakdowns. Fits combi and system boilers, full heating systems and bathrooms, and answers emergency call-outs calmly and tidily. Fitting air source heat pumps since 2025. Looking for a heating engineer or senior plumber role.

Experience

Plumbing and Heating Engineer, Don Valley Heating, Sheffield	2020–present
- Install about three boiler replacements a week and full central heating systems in new extensions. - Service and repair gas boilers and controls, completing landlord gas safety records. - Fit air source heat pumps with the firm's renewable installer, and balance the radiators afterwards. - Attend emergency call-outs for leaks, blocked drains and failed boilers on a one-in-three weekend rota.	
Plumber, Peak Bathrooms, Chesterfield	2017–2020
Fitted bathrooms and kitchens, from first fix to final testing, for about two customers a week.	
Apprentice Plumber, Peak Bathrooms, Chesterfield	2015–2017
